 WORKFORCE DEVELOPMENT						
Outcome(s)	<ul style="list-style-type: none"> To align city, business, workforce, education, social service, and economic development policies and programs to grow and sustain a healthy local economy. To close the skills gap and build a workforce that will meet local business demand. To increase the number of residents earning a living wage and to encourage our youth to obtain additional training to become “job ready” in the future. 					
	A. Leverage and Partner with the Community					
	Strategy	I. Identify current assets including partners, existing services, possible locations, and organizational purpose. Include mapping of assets and services within the City.				
Tasks	a. Evaluate studies that have already been done, including the ALICE (Asset Limited, Income Constrained, Employed) Report.	October 2019	Library	Ongoing	Local information has been evaluated as available. ALICE, E3 Alliance, Texas Workforce Solutions, and GSMP have all produced useful studies. The Library did promote the census, which will also be a source of information.	
	b. Coordinate community-wide conversations to identify ways our students and residents can overcome obstacles and create more local opportunities for education and career success.	April 2019	Library	Ongoing	Participated in all facets of the Pathways to Prosperity. Working with ACC to offer classes at El Centro were put on hold when COVID struck. 					discuss a future partnership to offer ACC services and possible classes. The library would like to focus on trade-related and industry certification courses. The Library Jobs and Resources Page has been found to be a valuable site for the community with 1,300 members.
	c. Include Community Action as a resource, promote their certification programs.		Library	Ongoing	Programs for the summer include Certified Nursing Assistant (CNA), College Prep Academy, ESL, GED. Fall planning is underway.
Strategy	II. Identify community partner to anchor a cradle to career initiative.				
Tasks	a. Coordinate with businesses, chamber of commerce, GSMP, SMCISD, Texas State University, Texas Workforce, and other stakeholders.	January 2020	Library	Ongoing	In early 2020, GSMP organized a workgroup to include Education and Workforce together and Deborah Carter attended the organizational meeting, but no other meetings have been scheduled. The Chamber of Commerce Education Committee is not meeting during COVID, but the contacts made through this long-standing group are only a phone call away. The Office for P-16 Initiatives at Texas State would normally help with one-to-one job assistance, but they are not operational during COVID. In partnership with GSMP, the library began work to form “1 Million Cup San Marcos” – a program to empower entrepreneurs with tools to break down barriers standing in the way of starting and growing businesses. Meeting online right now, this program will be housed at the library when in-person events are safe. https://www.1millioncups.com/greatersmtx Several City employees are on the Community Organizing Team: Tiffany Harris (Neighborhood Enhancement), Deborah Carter (Library), and Josie Falletta (Main Street).
Strategy	III. Identify and develop outreach opportunities.				
Tasks	a. Participate with the Chamber of Commerce Education Committee, Rotary Job Fair, SMCISD Career & Technical Trades teachers, Texas Workforce, Community Action Adult Education, and other existing groups to promote a successful career path for students and residents.		Library	Ongoing	The library has provided a table at several job fairs in the community in order to provide information about our job assistance programs and materials. The library also hosted two onsite Workforce Job Fairs including their first-ever Saturday event. Both the Census and the IRS provided job interview and on-the-spot hiring events at the library. The IRS hired 25 people from that event. The Census was also provided space to train their workforce. Workforce and SMPL joined together for an online job fair. The library hosted two job fairs online, but they are not as successful as the in-person programs. Library staff toured the SMCISD Career & Technology Academy and the courses available while still in high school are quite impressive. The Texas Workforce Rural Capital offices have moved 7 miles from downtown and it is not served by public transportation. Even people with cars are having difficulty finding the right building. Some Texas Workforce were meeting clients at the library and once COVID is more under control, we expect that will continue. In the meantime, we have been promoting the training that may be available for free to many of our patrons. https://workforcesolutionsrca.com/seekers/target-occupations-list The return to in-person jobs fairs has begun and our first Job and Training Fair was held in March at Embassy Suites and sponsored by GSMP.
	b. Help increase the productivity of area business and the advancement of incumbent workers by promoting employee retention programs, on-the-job training, lifelong learning, and industry-recognized credential attainment.		Library	Ongoing	The 3 rd Microsoft Certification classes started in January and finished up online. So far a total of 56 people have completed training and 40 have received certification and at least 8 were hired in new jobs right away. We will offer this class again once it is safe to be indoors. For people inexperienced with computers, it is too difficult to teach this class online. GED and English classes also started inhouse and have moved online. November the library offered 39 classes that were attended by 252 people. The 1 Million Cups San Marcos meets monthly and have topics that small businesses and entrepreneurs will find helpful. Each month a different topic is addressed.

SMCISD Crossroad students have been gaining experience at the library and at other sites around SM. In Hays County, this list includes careers like carpenter, CAN, childcare, teacher’s assistant, customer service, home health, janitor, landscaping, and office clerk. The Library will also be promoting the ACC Fast Track careers, which lead to better-paying positions. These courses are not offered free, but the library will work one-to-one to assist with the FAFSA and find other social services that could help.
	b. Identify possible regional partners that could expand into the City of San Marcos and provide additional career training.		Library	Ongoing	
	c. Provide GED, English Language, Computer Classes, and other workforce training at the San Marcos Public Library and at other locations around the city.		Library	Ongoing	This is done by many different staff now, however to have a more cohesive message and expand workforce services, the Librarian position would have to be filled.
